CERN-TH, Geneva

Tasks of SAC of SEENET-MTP

- 1) Advise the network on the scientific topics to promote and on the corresponding actions to take
- 2) Advise the network on the scientific events to organize
- 3) Help the network on preparing applications
- 4) Propose funding opportunities

SAC congratulates all network members individuals and institutions

Training students and young researchers

Mobility of scientists among the Balkan institutions

Outreach to the general public

Create a scientific community in the Balkan Region

With mutual cooperation and with the rest of Europe
