

The SEENET-MTP Pilot Seminar for PhD Students on Cosmology

SEENET-COSMO 2014 Seminar 12 – 15 February 2014, Nis, Serbia

Program:

WEDNESDAY	FEBRUARY 12, 2014 Faculty of Science, Visegradska 33, Nis Hall 100, 1 st Floor
------------------	--

Arrival

16:55-17:00	Opening	
17:00-18:30	G. Djordjevic	Introduction to Cosmology and Inflation
18:30-	Discussion	

THURSDAY	February 13, 2014 Faculty of Science, Hall 100
-----------------	--

08:00-09:00	Breakfast	
10:00-11:15	N. Bilic	<i>Dark Matter, Dark Energy, and Unification Models</i>
11:15-11:45	Coffee Break	
11:45-13:00	A. Nicolaidis	<i>Introduction to string theory and its cosmological implications</i>
13:00-	Discussion	
16:00-17:15	N. Bilic	<i>Dark Matter, Dark Energy, and Unification Models</i>
17:15-17:45	Coffee Break	
17:45-19:00	A. Nicolaidis	<i>Introduction to string theory and its cosmological implications</i>
19:00	Discussion	

FRIDAY

February 14, 2014
Faculty of Science, Hall 100

08:00-09:00 **Breakfast**

10:00-11:15 **N. Bilic**

Dark Matter, Dark Energy, and Unification Models

11:15-11:45 **Coffee Break**

11:45-13:00 **A. Nicolaidis**

Introduction to string theory and its cosmological implications

16:00-17:15 **D. Dimitrijevic / A. Nicolaidis** Exercises

17:15-17:45 **Students presentations** (optionally)

17:45-18:15 **Discussions and closing**

20:00 **Dinner** (optionally)

Saturday

February 15th

08:00-09:00 **Breakfast**

Departure
