First Announcement

THE JOINT MEETING
ON QUANTUM FIELD THEORY AND NONLINEAR DYNAMICS

24 - 28 September 2014, Sinaia, Romania

ACTIVITIES:

- A. The 9-th Workshop “*Quantum Field Theory and Hamiltonian Systems*”.
- B. A special session on “*Nonlinear dynamics*”, in the frame of the project FP7-PEOPLE-2012-IRHES-316338 - *Dynamical systems and their applications*.

OBJECTIVES:

- Enforce the connections among scientists from SEE and CEI countries.
- Promote the excellence and grow the youth’s interest for research in Theoretical Physics.

MAIN TOPICS:

- High Energy Physics
- Mathematical Physics
- Nonlinear dynamics

INVITED SPEAKERS:

Special contributions will be given by: *Lars Brink* (Sweden), *Marc Henneaux* and *Glenn Barnich* (Belgium), *Ignatios Antoniadis* and *George Zoupanos* (Greece), *Boyka Aneva* and *Vladimir Gerdjikov* (Bulgaria), *Branko Dragovich* and *Goran Djordjevic* (Serbia), *Valery Romanovsky* (Slovenia), *Ion Cotaescu* and *Mihai Visinescu* (Romania), *Maoan Han* and *Jibin Li* (China).

PARTICIPANTS:

A limited number of participants - scientists, young researchers and PhD students all over the world - will be accepted.

CONFERENCE FEE:

- The accepted participants will have to pay a fee of *240 Euro* which will include accommodation, meals and Conference Proceedings.
- For the SEENET MPT members and for few participants from SEE/CEI countries, the fee will be covered by SEENET - MTP.
